PRESIDENT'S REPORT

Each Rotary year starts in July, and before you know it, it's June - the end of the Rotary year.

So, last Tuesday was the last of this 27th Rotary year of our Club – and I'm pleased to say, it was another outstanding year.

My thanks to all the members, families and friends for what they have achieved, and the significant and widespread benefits provided to our local and international community.

And the good news is the end of one Rotary year is also the start of a new year.

Rotary International President-Elect Gordon McInally, a member of the Rotary Club of South Queensferry, West Lothian, Scotland, has revealed the 2023-24 presidential theme, **Create Hope in the World**.

McInally believes this is how Rotary can continue to bring lasting change to the world. Some areas he encouraged Rotary members to focus on, are:

Promote peace

By keeping our focus on building peace in the world and within ourselves, Rotary helps create a more peaceful world and a future worth living.

Continue the work of past leaders

He pledged to maintain the Empowering Girls initiative and uphold the emphasis on diversity, equity, and inclusion throughout Rotary. He also noted recent events that underscore the importance of Rotary's continuing focus on polio eradication.

Focus on mental health

McInally believes Rotary members should offer hope to those affected by mental health challenges, saying "Reaching out for help is courageous — and continuing on a path toward wellness is even more so." He added that Rotary will work to improve mental health services in the next year and beyond. Rotary should be known as an organization that takes care of its members as well as the people it serves. "Any mental health professional will tell you that by helping others, we essentially help ourselves."

It's been an absolute pleasure to be President of the Rotary Club of Magill Sunrise during the 2022/2023 year – and I certainly look forward to being part of more **Fellowship, Fun and Service in 2023/2024**.

*Cheers,
Lindsay*

OUR GUEST SPEAKER was OUR MEMBERS & VISITORS

Unfortunately, Councillor Luci Blackborough was unable to make the meeting – so we will re-schedule another time for a visit to discuss what is happening around our territory.

However, that gave us time at the meeting to catch-up on some stories about members and visitors recent trips, including:

- Greg (and Tash's) trip to Bali to get an expensive cup of coffee (and 20 other reasons according to Greg);
- Ian (and Suzette's) trip to the top of numerous sandhills, in the new truck, preparing for going bush;
- Jeff (and Jenny's) trip to Cambodia to see the new AllKids Learning Centre providing education for over 100 children
- Lindsay (and Carol's) trip to meet their newest granddaughter Grace;
- Monica and Erik's trip from Mexico and why they selected Adelaide as the destination;
- Robyn & Graham's trip to the Riverland for wineries, walking and water (flood) watching;
- Simon's trip with his son to Jim's Group campus in Melbourne to meet other members of the largest franchising group in Australia;
- Thommo's tourist tips for Italian visitors wanting a meat pie.

"May I go through again? I'm trying to find something in my purse."

There are more stories about **trips** to come, including:

- Bruce's trip down the stairs (ouch!!!)
- Pauline & Colin's expedition
- Alison's trip to Gepps Cross

PRESIDENT'S THOUGHT FOR THE DAY

"A politician (like a Rotary Club President) needs the ability to foretell what is going to happen tomorrow, next week, next month, and next year. And to have the ability afterwards to explain why it didn't happen."

From (and with apologies to) Winston Churchill

This week, our Lucky Card draw was won by a visitor who drew her own winning card from the deck.

Congratulations **Monica**

Are you really a novice player or have you been practicing???

QUIZ QUESTION:

How many kilometres of mainland coastline does SA have?

Answer: 3,800 kms (or 3,816 to be precise). However, islands in South Australia provide an additional 1251 km of coast, giving a total coastline of just over 5,000 km. We just weren't sure if this was at high tide or low tide!

ICE BREAKER:

The South Australian government is vowing to punish protesters who shut down the city, with fines of up to \$50,000. Do you think this reasonable, or is it the first step in banning protests altogether in Adelaide?

Responses:

There was not a lot of sympathy for disruptive protests which try to get their message across by making other people suffer.

And there was even less sympathy for disruptive protesters. In fact, rather than fines, there were a number of other (unprintable) suggestions to deal with protesters.

AROUND THE CLUBS

President Lindsay had the pleasure of attending the Rotary Club of **Morialta's changeover dinner** last week, followed closely by the **celebration of their 1900th meeting** on Wednesday this week.

Morialta is our "parent club" having chartered the Rotary Club of Magill Sunrise in 1996 – and it's fair to say their club has achieved and contributed much over the 40 years of their existence.

We congratulate Past President Sabrina Koester on her leadership and wish new President Geoff Brown all the best for this year.
